

## Looking for race ready Spec 944

Hello all, I am new to the 944 forum, and new to 944 racing, but not new to racing! I currently am racing a twin turbo charged nissan 350z with NASA, and my girlfriend wants to get into it. I am good friends with Norm Hamden, and he is always saying 944 is the way! Well I am heeding his words! I want to find a race ready spec 944 for my girl friend, that I can race around the track also! If anyone knows of a good one for sale I would love to know! Thanks!!!

A guy in Phoenix is selling his 'race ready' car. Not quite race ready, but it's a nice looking car. Not sure if he sold it yet.

zEnvy,

I run with Norm and the the AZ guys. I am moving to a different car and will be selling mine.

Give me a shout if you want a nicely built well sorted car.
