Local to us is any Les Schawb or AIM Tires at Infineon. Others use Brian of Toyos Only out of Arizona. (Shipping costs may be less than the sales tax now so I'd check both.)

I work for VEX Motorsports in San Jose. We can order/mount balance tires for you. We are the number 1 installer on Tirerack.com. You can also order your tires from Tirerack and have them shipped directly to our shop. Email me if you're interested
