Bryan is a great guy to work with. He know races tires well and knows how to shave these things.
I have been using him for my Toyo race tires since 2002.
Also he is a small business. He is not big corporate guy. He will be at Nationals like last year as the Toyo tire supplier, but the big semi is not his, but Toyo's. I am letting you know as it is always nice to support small business rather than giant faceless corporations. Bryan maybe big in Racing tire business, but is still small operation.
