

Autoclub Speedway, March 1 & 2

Posted by dancing944 - 13 Feb 2014 15:18

Yes, I've been a little quiet lately. But the season is upon us now, and I'm looking forward to racing at Fontana March 1st and 2nd. No doubt some of you have updated your 944 Spec cars, or at least had some cool looking flames painted on the side! So get signed up early, while the discount still applies. We always have a good turnout for this event. I would like to see this one be at least as good.

See you soon, Everett

Everyone,

I just got an e-mail that the tech inspection session, for Friday, has been cancelled. I do not have tech inspections on either car.

Any suggestions? If I can not solve that problem, we will have to pass on the entire weekend!

Big Dog and Lil'Kat

Call Tom at 7's Only he is authorized to tech cars. He can stamp your log book then all you need to do is go to tech and get sticker.

Jim - last year this was my first event. I got teched Sat morning before 8, renewed membership and competition license without drama. Jim Richmond and Jim Hicks brought me drama on track.

This is what the race materials say about annual tech:

Annual Inspection- You are required to have a 2014 Annual inspection prior to your first race of the season. HOWEVER, rain is predicted on Friday and we won't be allowed in the facility early enough to tech cars. If you have a 2013 Tech sticker you will be allowed to race Saturday. You MUST have a 2014 Tech sticker by Sunday race. Cars without a NASA logbook will require a \$40.00 fee for new logbook and inspection. Cars with a NASA logbook will require a \$20.00 for an annual inspection renewal.

Thanks for the update Everett.

I have a new car with no log book so I will be lined up early on Saturday.

See you all there.
