

****SOLD** 1987 Porsche 944 S Coupe For Sale**

Posted by Barry G - 17 Aug 2016 16:46

For sale is a pretty straight rust free California car. It is complete and has had most of the mechanical components rebuilt over the years. It has not been run or driven since the work has been done so it will need to be gone over before starting the engine or driving it. It needs paint and the interior is partially disassembled. I think it would make a great Spec 944 car. Pink slip in hand and registration has a non-op on it. It is located in Sunnyvale, CA I'm selling it AS-IS and the best reasonable offer will get it. Call four zero eight 7617221 if interested. Thanks, Barry
