| Hey Guys, my trans-axle is leaking and since I have to work on it I might as well drop the short 5th in too; however, I've been searching the interwebs with no luck. Does anyone have an extra short 5th for sale or can point me in the right direction? |
| Thanks, Manny |

You can order the two gears you need from these guys cogscogs.com. This got me riled up enough to create an account. I've also been looking for a short 5th, so I used the website's contact form, and it bounced. It was trying to send an email to epullitautoparts.com, and when you check the whois for that domain, it comes back " German Auto Dismantlers ". I'll look somewhere else.
