It's actually a Nizzan a friend gave me. It fits perfectly and when I stored the car who cares what bit say. If you were interested in any of the other items I would throw that in for free.

I'll take the spare tire for 40. and the car cover if ur throwing it in for free? Definatly needs to be an alloy spare with a 951 part number. Gimme a call to finalize. Also how much for exterior door handles?
