[forums.rennlist.com/rennforums/racing-an...resting-tm-data.html](https://forums.rennlist.com/rennforums/racing-and-drifting/11737-resting-tm-data.html)

This is a repost from Rennlist about lap times vs HP data from a Traquemate system.

Looks to me like HP is important but NOT near as important as what the perception is.

Read it all the way to the end.
