

Decals on the car

Posted by bpdcp100 - 15 Apr 2013 08:36

I just built a 944 spec car. Do I need my name on the winshield and where can I get the 944 SPEC decals for the class designation? Thanks for any information.

Welcome, where are you from - then we can work on hooking you up with someone local. Yes, you ned your name on your windshield.

Thanks for the information. I am from Maryland. Also, how tall are the letters for the name for the front windshield?
