

944 Spec suspension in action video!

Posted by tcomeau - 04 Feb 2009 02:08

Sean Steele shot this from under his orange 944 Spec car at the Streets of Willow. Watch the tire's sidewall flex.

Cool stuff! One of the things I want to do this season is run some extra cameras from interesting angles like that...

very cool.

Makes me think a camera could be a nice tuning tool if used properly.

Yeah the sidewall flex was interesting.
