|---|
| Lets post up ideas on how to make Nationals better, more accessable, etc. |
| I'll start with a couple: |
| Group rental on RV's to stay at the track for less. I can help coordinate that. Get an RV that sleeps 6- people, and split the cost. Renting travel trailers locally might also be an option. 2. Registry of cars avialable for rent and drivers needing cars here. |
| 3. Group transportation of cars from out west to split costs. |
| 4. Group Paddock on the paved area. |
