944-SPEC - 944SPEC - low cost wheel to wheel racing Generated: 29 June, 2025, 00:32 New 944 RV Compound thread Posted by cbuzzetti - 29 Aug 2013 15:38 Hey Foxx, Dale, Whitridge, Hicks and Buzzetti. We have RV spots 25-34. Each RV spot is two numbered spots end to end (25-26) If we are all in agreement we can make a coral and have a large open space inside of all the trailers and RVs. We did this in 09-10 and it worked great. Be sure to bring HD extension cords if you have them. I will get a better look at whe the power poles are tonight to see if this will work. I will only have an RV in my spot and I know a couple of you will be using your trailer for your RV so we will have tons of room. Let me know what you think. Re: New 944 RV Compound thread Posted by Big Dog - 01 Sep 2013 08:53 Mr. Buzzetti,

I am confused as there is no cad drawing accompanying your post. Joe sent us cad drawings and I certainly expected that this fine tradition would continue with your regime.

Big Dog

Somebody get there early and draw a picture on the ground of his motorhome and racecars!
Re: New 944 RV Compound thread Posted by JerryW - 01 Sep 2013 13:50
We can draw a diagram that shows him in the West Paddock Estension
Re: New 944 RV Compound thread Posted by cbuzzetti - 01 Sep 2013 16:36
Perfect!!!!
