

RM grows most in 2012

Guys, it was great to see the RM region participation really back up up last year. The MW/GL just pipped you guys on overall numbers for 2012, but not by much. Congrats to all of you guys, and especially CJ for a great showing!

Looking forward to seeing a lot of you guys at Nationals again!

Hey Thanks!

We've got a few more new drivers to add this year, and some 'old' ones are coming back from taking a few years off. 2013 will be awesome!
