

## PCA Event Car Counts

Posted by ajdiamond - 10 Feb 2016 05:44

---

Hello everyone,

I'm very interested in Spec 944 and 944Cup and was curious as to how many cars typically show up for a PCA and NASA weekend? Looks to be 6-10 cars for NASA weekends but I can't seem to find historical data on PCA. TIA

[44cup.com/south-standings-2014](http://44cup.com/south-standings-2014)

Track info and car counts for the last couple years in the South divisions.

The car counts for PCA depends on your region. Here in the Texas area we consistently see 10+ cars for SP1. The [www.pca.org](http://www.pca.org) web page has the club racing results or check my laps for the tracks near you. I expect with the 944 CUP moving to PCA for the car counts to grow.

Where are you located?

let me know if you have any other questions.

Thanks for the information guys!

I'm out of Atlanta

There are a handful of guys out of Atlanta that race 944-Spec with NASA and run SP1 with PCA. If you have any questions or want to meet up, feel free to send me an email.
