

Pit Bull Brawl 2016 - CMP - May 14-15

Posted by AgRacer - 15 Apr 2016 06:39

Back to CMP again which is a track that is massively changed this season after some track surface changes to a few sections. In Feb, we found the track grinding to provide improved grip in key areas but also upped the tire wear level. Everyone set faster times in February so look for times to again improve now that we have thawed out and are officially in the Spring months.

Stanley is still in the lead for the season championship but has Kimball, Crookston, and Torgersen closely clipping at his heels. Yousko is back racing in time to make a run for the championship with a few drops remaining. Now that the weather is nicer, look for a few more of the regulars to start back especially since tax season is over! (Evans)
